Unit Testing

```
lucapopescu@Lucas-MacBook-Pro Lab1_CheckMyGrade % python3 -m unittest test_checkmygrade -v
test_add_course (test_checkmygrade.TestCourseRecords.test_add_course)
Adding a course should: ... ok
test_delete_course (test_checkmygrade.TestCourseRecords.test_delete_course)
Deleting a course should: ... ok
test_modify_course (test_checkmygrade.TestCourseRecords.test_modify_course)
Modifying a course should: ... ok
test_add_professor (test_checkmygrade.TestProfessorRecords.test_add_professor)
Adding a professor should: ... ok
test_delete_professor (test_checkmygrade.TestProfessorRecords.test_delete_professor)
Deleting a professor should: ... ok
test_modify_professor (test_checkmygrade.TestProfessorRecords.test_modify_professor)
Modifying a professor should: ... ok
test_search_with_timing (test_checkmygrade.TestSearchAndSort.test_search_with_timing)
Search the LinkedList for a student by email address. ...
  [TIMING] Search (1 000 records, by email): 0.000020 seconds
ok
test_sort_by_email_asc (test_checkmygrade.TestSearchAndSort.test_sort_by_email_asc)
Sort 1 000 students by email address, ascending (A → Z). ...
  [TIMING] Sort by email ascending (1 000 records): 0.001667 seconds
ok
test_sort_by_email_desc (test_checkmygrade.TestSearchAndSort.test_sort_by_email_desc)
Sort 1 000 students by email address, descending (Z → A). ...
  [TIMING] Sort by email descending (1 000 records): 0.001410 seconds
ok
test_sort_by_marks_asc (test_checkmygrade.TestSearchAndSort.test_sort_by_marks_asc)
Sort 1 000 students by average marks, ascending. ...
  [TIMING] Sort by marks ascending (1 000 records): 0.001615 seconds
ok
test_sort_by_marks_desc (test_checkmygrade.TestSearchAndSort.test_sort_by_marks_desc)
Sort 1 000 students by average marks, descending. ...
  [TIMING] Sort by marks descending (1 000 records): 0.001591 seconds
ok
test_add_student (test_checkmygrade.TestStudentRecords.test_add_student)
Adding a student should: ... ok
test_bulk_add_1000_students (test_checkmygrade.TestStudentRecords.test_bulk_add_1000_students)
Bulk-insert 1 000 student records and verify: ...
  [TIMING] Bulk insert 1000 students: 2.1175 seconds
ok
test_delete_student (test_checkmygrade.TestStudentRecords.test_delete_student)
Deleting a student should: ... ok
test_modify_student (test_checkmygrade.TestStudentRecords.test_modify_student)
Modifying a student should: ... ok
